

Project Initialization and Planning Phase

Date	1 October 2026
Team ID	6ab2951f1266c775575a6b80
Project Name	Farm Management System
Maximum Marks	3 Marks

Define Problem Statements (Customer Problem Statement Template):

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love. A well-articulated customer problem statement allows you and your team to find the ideal solution for your customers' challenges. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A farmer managing a small or medium-sized farm.	Manage crops, animals, and daily operations more efficiently.	Facing issues like manual record keeping, limited access to market information, and unpredictable weather.	Lack of proper digital tools and centralized information.	Stressed, less productive and worried about losses and low income.
